- Series: Denver Journal Volume 16 - 2013

Prepared by and Copyright © January 2013 by
William W. Klein, Craig L. Blomberg and David Mathewson
of the *New Testament Department* of DENVER SEMINARY

Items marked with an asterisk [*] are top priority for acquisition and/or use. Others would be good to have if and when finances allow and well worth consulting even now. (All are selected as excellent out of a much larger list that could have been compiled.) Selections are consciously weighted in favor of evangelical scholarship but excellent works from other perspectives are included.

Major Commentaries

The lists of top commentaries for each N.T. book are divided into three sections: the first contains those we consider the best detailed, critical commentaries using the Greek text; the second lists more mid-level works using the English text (some with references to the Greek in footnotes); and the third consists of commentaries that are briefer and/or have a special focus on application. At least one priority title is asterisked for each level. Abbreviations for series are:
